

DO YOU OR A LOVED ONE HAVE IDIOPATHIC PULMONARY FIBROSIS (IPF)?

LEARN HOW YOU MAY IMPROVE YOUR QUALITY OF LIFE AT A FREE SEMINAR

IPF Information Seminar

Idiopathic pulmonary fibrosis (IPF), characterized by scarring in the lungs, is a progressive and irreversible disease. Patients, caregivers and family members who attend this free seminar will hear from physicians, nurse practitioners and specialists about the latest treatments and research that may help IPF patients breathe easier. Topics include:

- The latest IPF research and clinical trials
- New and existing treatment for IPF
- Oxygen
- Community resources
- Support for caregivers

DATE: Tuesday, March 14, 2017

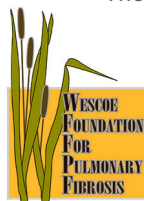

SEMINAR: 1:30 – 4:30 PM
(Registration opens at 1:00 PM)

LOCATION: Hotel Bethlehem, Mural Ballroom,
437 Main Street, Bethlehem, PA
18018

RSVP: Amy Bonsal
215-707-9020
Amy.Bonsal@tuhs.temple.edu

Attendance is free, but registration is required
Oxygen will be available.
Free parking and light refreshments are included.

*Co-hosted by the Temple Lung Center and
The Wescoe Foundation for Pulmonary Fibrosis*

Temple Health refers to the health, education and research activities carried out by the affiliates of Temple University Health System (TUHS) and by the Lewis Katz School of Medicine at Temple University. TUHS neither provides nor controls the provision of health care. All health care is provided by its member organizations or independent health care providers affiliated with TUHS member organizations. Each TUHS member organization is owned and operated pursuant to its governing documents.
